

While you were
sleeping
(newborn)

Specially designed for newborns.
The best time is when your baby is under 2 weeks old..
As they grow older, they become more aware of their surroundings
and are less likely to sleep soundly.

Hello Mummy,
Thank you for bringing me into this world. My little heart
is melting compared to what you had to go through. I would
feel the warmth you had for me when your tears
rolled down uncontrollably when they brought me into the world
for the very first time. You are truly an inspiration to me and
daddy.
Love, Brandon

dreamers farm

We understand newborns are completely unpredictable.
They could arrive weeks early or late.
We'd recommend pre-booking your session
and confirming or rescheduling it once your child arrives.

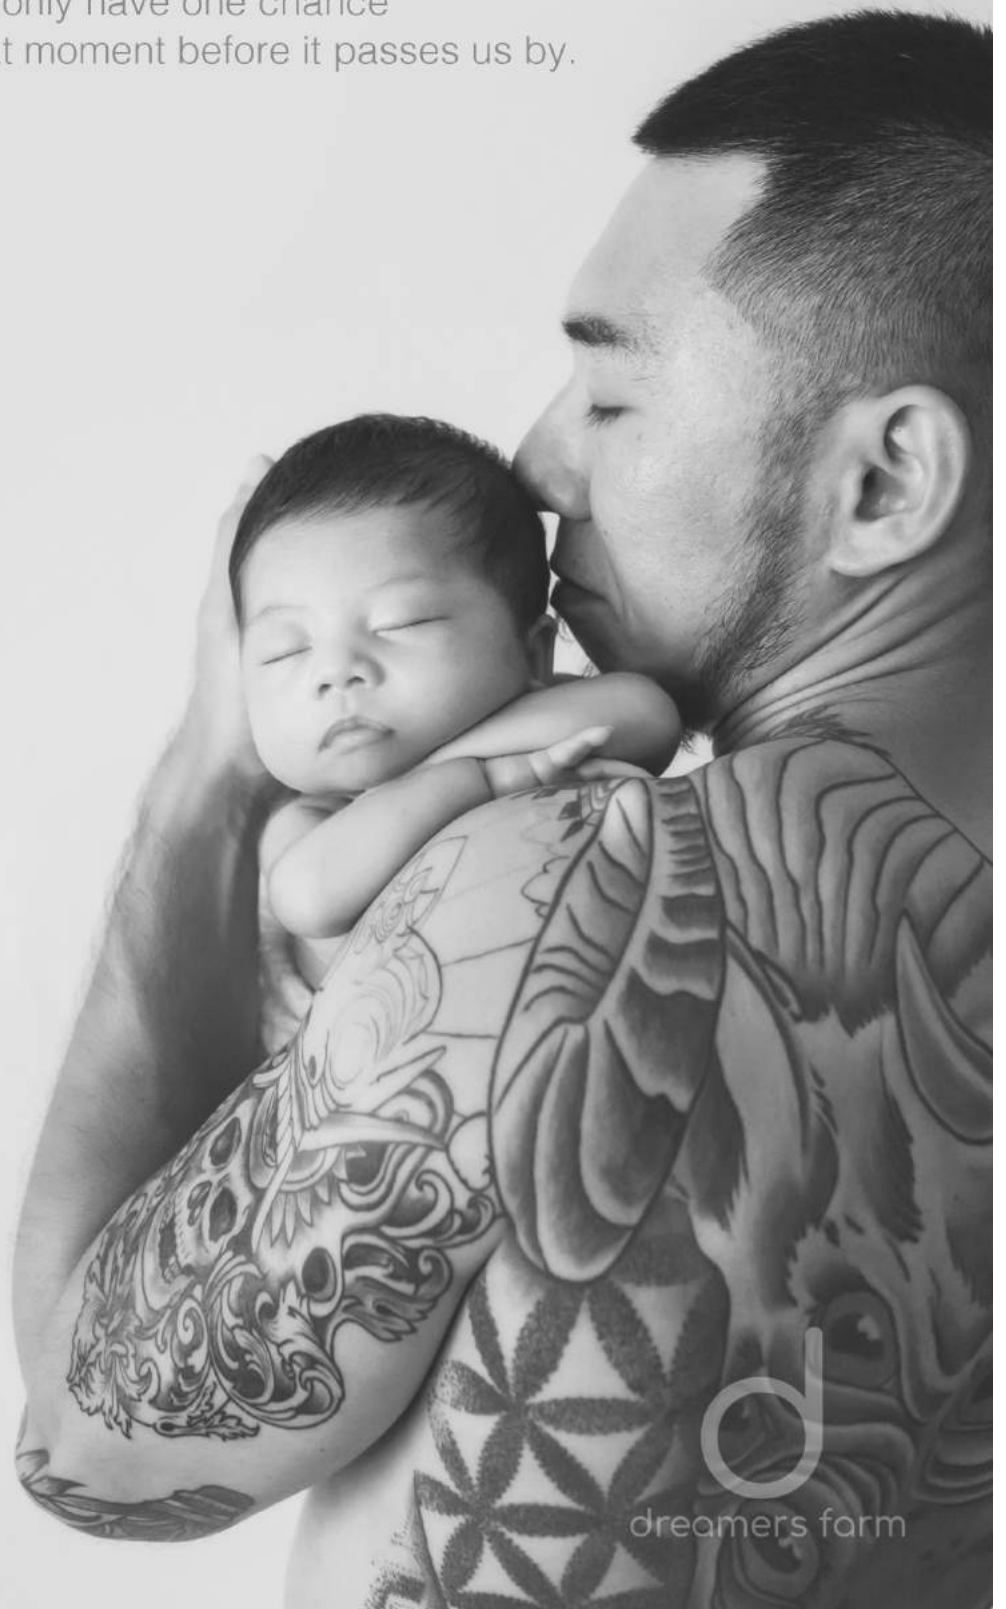

dreamers farm

Each session usually last 2 - 3 hours,
thus allowing plenty of time for feeding and comforting.

Before we know it, they will outgrow our arms.
We only have one chance
to capture that moment before it passes us by.

dreamers farm

We'd love to co-create with you.
So if you've something special you've prepared
for your little one, please let us know.
So together we can create something unique for your little one.
